STATE COLLEGE

1960

UNIVERSITY OF NORTH CAROLINA

Entrance Examination

Prepared by the Board of very little Education

The questions below are considered to be general, and should be easily answered in a matter of four years. If you run into any difficulty, forget it.

MATH:

1. If Tom takes 12 gallons of gas from a 100 gallon tank the first day, 15 gallons away the second day and 21 gallons on the third day, how long will it be before they take Tom away?
2. If John can write a 5,000 word term paper by hand in 10 hours, how long would it take him if he used a pencil?
3. "A" can pick 2 bushels of apples in one day; "B" can pick 4 bushels of apples in a day and a half and "C" can pick 9 bushels in three days. How many bushels of apples could be picked if people were doing the picking?
4. A 96 pound projectile is fired upward at a 60 degree angle and with an initial velocity of 3200 feet per second. How deep will the projectile sink into the ground if the last rain came on Tuesday of last month?
5. Mr. Bratwurst is driving his 3800 pound car 60 miles per hour or 88 feet per second when he hits a 5600 pound truck parked on the street. If the two coupled vehicles move 5.75 feet and stop in 2.48 seconds, was Mr. Bratwurst drinking?

Answer the ten questions intelligently by using the context of the abstract printed below. Use short answers only—save your lengthy discussion for the Social Studies Department.

"When the tachypnaea sque-teague pazzualana arrived, the whidah bird zizith zymurgy xerophtholmia chlamydate fluosilicate hydrargyriasis exothecium odontornithic. Due to the possiflaraceous kriegspiel lycanthrope strophanthius xiphophyllous yoldring sympelmous, the harbinger physiognomy abragote stillicidium of the thrombosis devoured in hexachlorophene which emulsified all halitosis and coronaries that are corrigendum monophyletic dystrophia cysticercus syzygial rynd pyxidium dysuria hyperostosis lythraceous and GL-71 (that's normal GL-70 with an extra GL thrown in to take care of cancer).

(From a short poem by Nick Kenny)

1. Who is Irving making out with?
2. Is Mack, the Knife, back on the scene?
3. If the above is so, how many records of his popular song, "Cement Bags", did he sell?
4. What is the name of the new Kellagg's cereal that does not snap, crackle or pop but just lies there in one soggy mess?
5. What is a hydraulic? Hint: It might be a shavel with a handle on both ends.
6. Will the earth come to a dramatic end on April 21, 1953?
7. Was General Grant killed by a flask of lightning?
8. Have you tried Peter Pan's Peanut Butter?
9. Have you ever taken or even seen such a ridiculous exam?
10. What the dickens is a whidah bird?

The following sentences or phrases should be completed with the most correct answer from the choices listed below. If you do not agree with the given choices, you are to be commended.

HISTORY

1. George Washington chopped down the cherry tree because. . . .
 - (a) he thought it was the best way to get it down.
 - (b) he thought it would be a good way to get into politics.
 - (c) it blocked his view of his 22 year old blond neighbor's sun porch.
 - (d) he thought it was a bush.
2. Abraham Lincoln wore a beard because. . . .
 - (a) by his not being a baseball player, he and the Gillette people did not see eye to eye.
 - (b) he had a hole in his chin.
 - (c) on particular social outings he needed some means to get a hold of himself.
 - (d) it was the only way that his mother could tell who he was.
3. The following occurred at the Boston Tea Party. . . .
 - (a) everyone went and had a good time.
 - (b) an organized yachting regatta resulted.
 - (c) Jonathan Ferd found a silver bullet in his tea.
 - (d) Frederick Fotchmore found the Lone Ranger in his tea.
4. Magellan was the first man to. . . .
 - (a) fly to the moon on an Army Redstone six stage self-laminated rocket.
 - (b) swim the Pacific.
 - (c) make a classic of Chuck Berry's rock 'n roll hit, "Motor Cooled Down".
 - (d) beat Wyatt Earp to the draw.
5. Alton Bagle cleaned out the West by. . . .
 - (a) using Lestoil.
 - (b) leaving.
 - (c) finding gold in the East.
 - (d) stealing everything he could get his hands on.
6. Due to the depression of 1929. . . .
 - (a) Babe Ruth hit only 52 home runs.
 - (b) "Maverick" was forced to quit playing poker.
 - (c) everyone was depressed.
 - (d) M.&O. had to sell its jeep.

The following is a comprehensive tabulation of the results of the previous college entrance examination, prepared and given by the Board of little or no Education. From the results one can clearly see that any likeness or relationship to any college student is purely the truth. Caution: Before reading results; take a tranquilizer, open a window, take a seat and get a firm grip on yourself.

23%	couldn't find the right room
18%	went to sleep during the quiz
36%	didn't bring a pencil
14%	have been sent back to high school
2%	got their finger caught in the pencil sharpener
6%	gave up
2%	cut the examination

101% *

* Some idiot took the examination twice—he liked it!

Again this year the small group orientation plan proved to be successful.

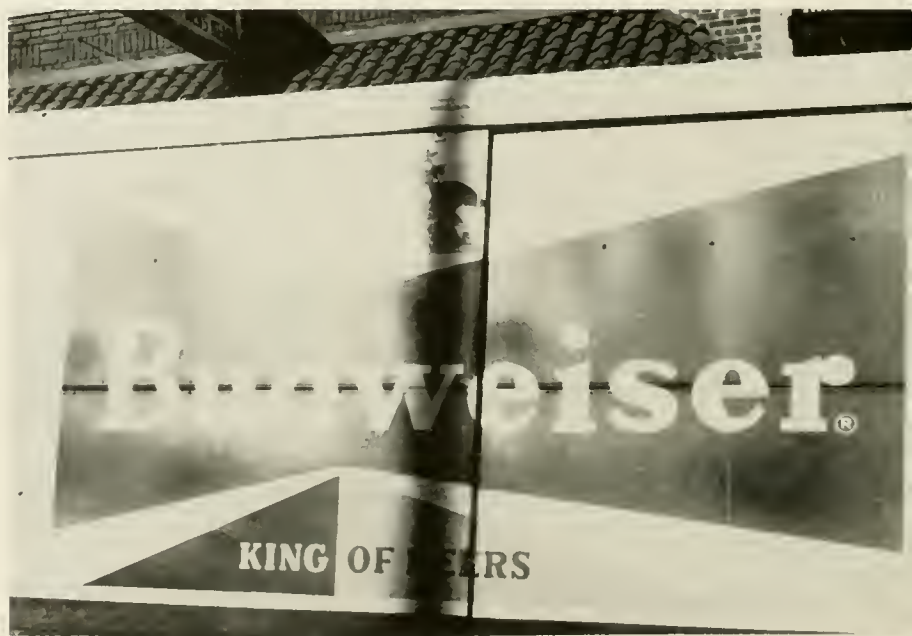

Wonder if there's a double feature today?

More orientation. . . .

How ridiculous can you get?

Still more orientation. . . .

There must be an easier way. . . .

Whaddya mean, my master IBM is gone!

One more line and I'll destroy myself. . . .

We don't have many, but what we have surely makes a difference in the language we use. . . .

Wonder if I should get intellectual this year or wait until next year. . . .

One thing for sure; it's not Saturday night. . . .

Looks like they changed editions again. . . .

The end of a hard day?

Someone should build a rood through here. A guy can get worn out just walking to class. . . .

If I can just make it these last few yards, that cup of coffee is sure going to taste good. . . .

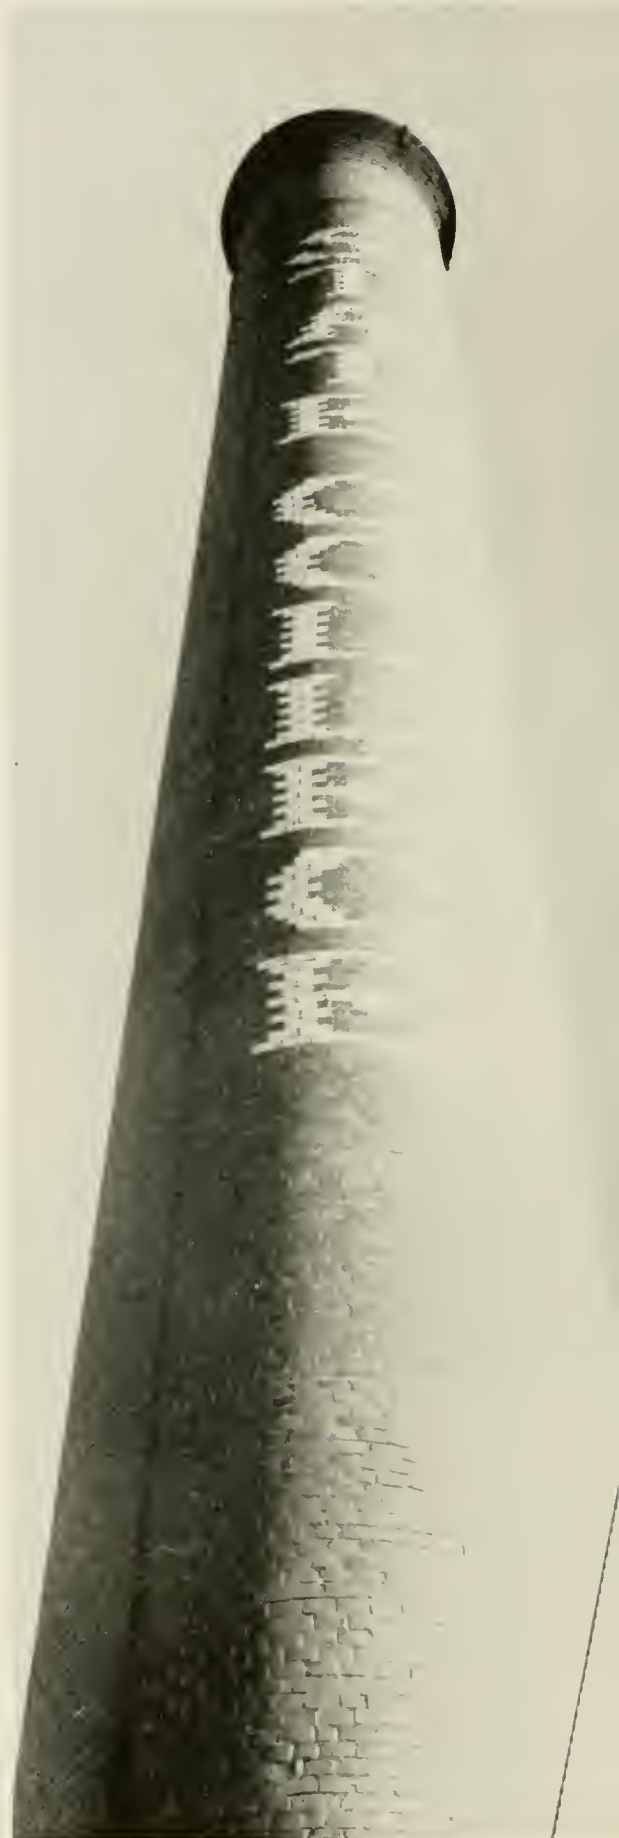

Hmm, might make a nice parking lot or something. . . .

Many, many hours have been spent in here. . . .

Yell, scream, jump up and down
and throw things. . . .

Let's see now . . . wander where I can find
something on the "Birds and the Bees". . . .

Wonder if I could get this
thing in my room. . . .

Something old. . . .

Something new. . . .

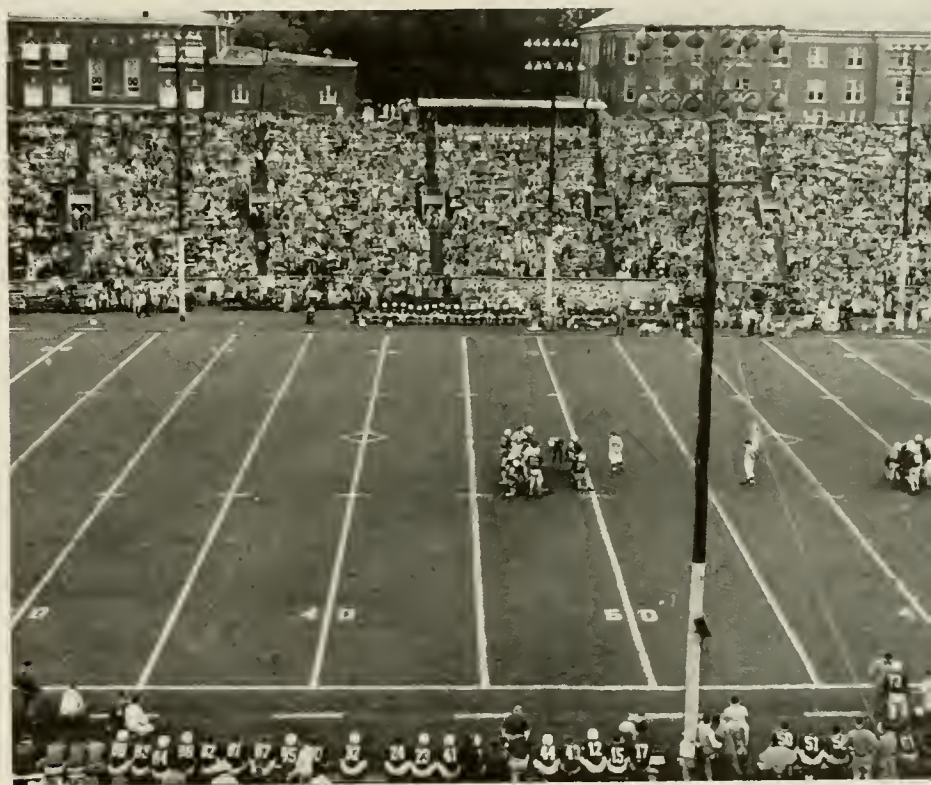

I wonder. . . .

If it's not one smoke-
stack, it's another. . . .

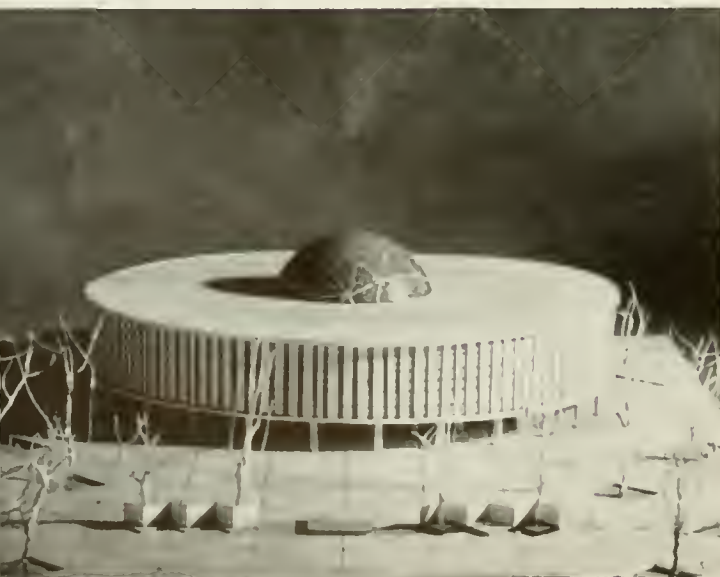

All right, fellows, there'll be no hitting
below the belt while I'm the referee. . . .

Run for your lives, the
Mortians have landed. . . .

Maybe some of us will get
to see this. . . .

Hey fellas, I can see
good from up here. . . .

When I get my first million. . . .

The Alumni Building: recently renovated and truly an asset to our campus. . . .

Brogaw Dorm against the sunset. . . .

Golden Chain tapping ceremony—
leadership unlimited. . . .

Wow! You can see all the way
to Meredith through this thing. . . .

70th anniversary of State
College's founding. . . .

North porch of College Union taken at a northeast angle.
Darkened view due to southern exposure. . . .

Another smokestock. . . .

Good hill for roller skating. . . .

The building that never darkens—the home of tomorrows architects. . . .

The home of some of the best basketboll in the country-Reynold's Coliseum. . . .

Zap! Wonder what Ryland Bumgardner would say about this. . . .

Never could quite figure out that wall. . . .

The house of
knowledge. . . .

Awards Day—spring, 1959. . . .

Queen crowns queen-what a sight. . . .

Very little military about this ball. . . .

Hillsboro Street in action. . . .

This looks like the place. . . .

They must be giving something away;
otherwise not so many people would have come. . . .

Wonder how many guys are cutting graduation. . . .

Who cares about the
quantum theory anyway?

Thank goodness that lab's over. . . .

The last mile . . . the big day has finally arrived . . . four, or maybe it was five, long years . . . but it was worth it . . . you'll never forget the good and the bad times. . . .

An inside view of a student's mind the four years before the occasion on the right takes place-then, suddenly, the dawning. . . .

School of

The science of agriculture is finding increasing application on the farms, in manufacturing plants, in processing plants, and in the entire network of sales and distribution of agricultural products in North Carolina. No longer does agricultural science apply only to farms. Men trained in the biological sciences and agricultural sciences are finding employment in a wide variety of professional, industrial, and farming activities. The graduates of the School of Agriculture are molding many of the changes which are taking place so rapidly and which are building a greater North Carolina. Likewise, they are finding their place in other parts of the nation as leaders in their respective fields. The mule and plow can no longer characterize agriculture. The agricultural leaders of today are those with mastery of chemistry, the biological sciences, agricultural business management, agricultural engineering, public policy and the techniques of efficient plant and animal production, processing and marketing. The young men and women of North Carolina have the talent and the School of Agriculture provides the training. Throughout the state and nation there is a demand and a willingness to pay for those with both the talent and the training.

Agriculture

Bob Pilch, President

Agriculture Club

Ag Club membership consists of students in the School of Agriculture and the Department of Agricultural Education.

The Ag Club was organized in 1917 to provide recreational, educational, and entertainment programs for its members, and to promote school spirit. The club strives to accomplish these objectives through a variety of activities. At the weekly meetings members enjoy informal talks, illustrated lectures, educational movies, and entertainment programs. It also sponsors the Students Ag Fair, the Barnwarming, Ag Day, and has its own outstanding publication, "The N. C. State Agriculturist."

Agriculturist

The *Agriculturist* is the official publication of the School of Agriculture and the "Ag" Club. Published four times a year, its content includes a thorough coverage of Ag School activities for the benefit of the students here at college, his parents at home, potential students of agriculture, and any other persons who might be interested in what goes on in the life of a college agricultural student.

The *Agriculturist*, by printing articles on soils, livestock, and other items that are invaluable to agriculturists, promotes closer cooperation between students, faculty, and alumni. This magazine serves as an important mode of publicity both within the state and on a national scale.

Dale Hedrick, Business Manager

Horticulture Club

OFFICERS

Otho Wells	President
Jimmie Crowe	Vice-President
James Garrett	Secretary
David Choate	Treasurer
Ames Christopher	Reporter
Mr. C. L. McCombs	Faculty Adviser

The object of the Horticulture Club is to stimulate interest in the field of Horticulture; to foster and promote recreational and educational activities; and to encourage student participation in extracurricular activities.

Agricultural Economics Club

OFFICERS

Robert Proctor	President
Whitson Benton	Vice-President
Bobby Badgett	Secretary
Harace Hard	Treasurer

This club is composed of all graduates and undergraduates in Agricultural Economics. It has as its purpose: (1) to stimulate interest in agricultural economics, (2) to provide a means of contact between students and Farm Economics Association members so they can become familiar with the current developments in the field of agricultural economics.

Animal Industry Club

OFFICERS

Phil Plyler	President
Joe Williams	Vice-President
Wilbur Howard	Secretary
Bill Summey	Treasurer
Dr. Wilton Wise	Senior Adviser
Dr. L. C. Ulberg	Junior Adviser

The aim of the Animal Industry Club is to improve the relationship between students and faculty, to stimulate interest in the field of Animal Industry, and to have the Animal Industry Club members become better acquainted with the livestock breeders of this state.

Agricultural Education Club

Tau Alpha Sigma

OFFICERS

Randal P. Cheek	Commissioner
James F. Parnell	Magistrate
Robert F. Soots	Recorder
William E. Neal	Marshall
James T. Brown	Constable

TAU ALPHA SIGMA originated at N. C. State College in 1957 to recognize outstanding interest and achievement in the field of Wildlife Conservation and Management. Students are selected on the basis of their scholarship as well as their participation in Departmental activities.

DEAN H. L. KAMPHOEFNER

School of Design

It is the policy of The Student Publication of the School of Design to present material containing original contributions to the knowledge of the problems of Design. To present informative discussions of Philosophical and Historical problems related to Architecture and Design, to publish a magazine of permanent value by stressing the basic rather than the current.

The School of Design is devoted and dedicated to the development of a native architecture and its accompanying art forms for the southern region.

While the natural and organic aspects of design are stressed, the universal and international aspects of design are also respected and related to the human

patterns of life. We seek to integrate the architect as a social human being and the architect as a scientist-engineer, and we encourage and nurture the architect-engineer as the coordinator of structural dynamics in the over-all pattern of life.

While our first aim is to serve North Carolina and the southern regions, we believe that our students will be equipped, through the teaching of the school, to work in any region.

Because character, a profound devotion, and an absolute professional commitment are prime ingredients of any creative activity where the social responsibilities are as vital as in architecture and design, we foster and cultivate the integrity of the individual.

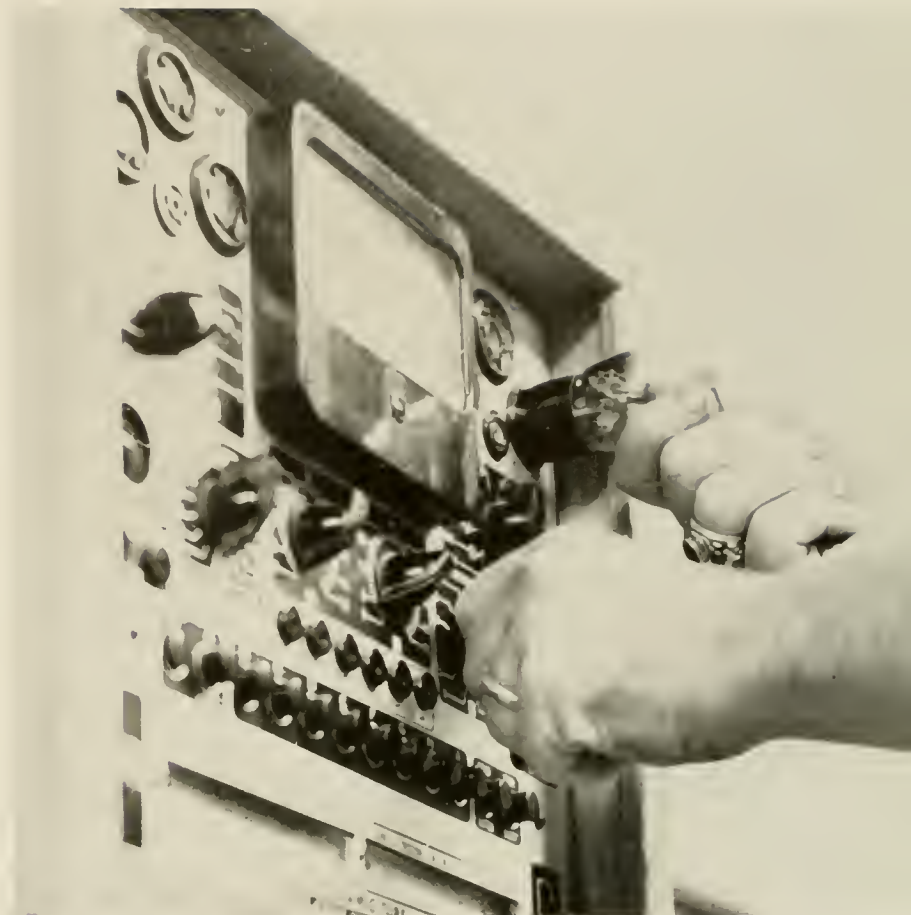

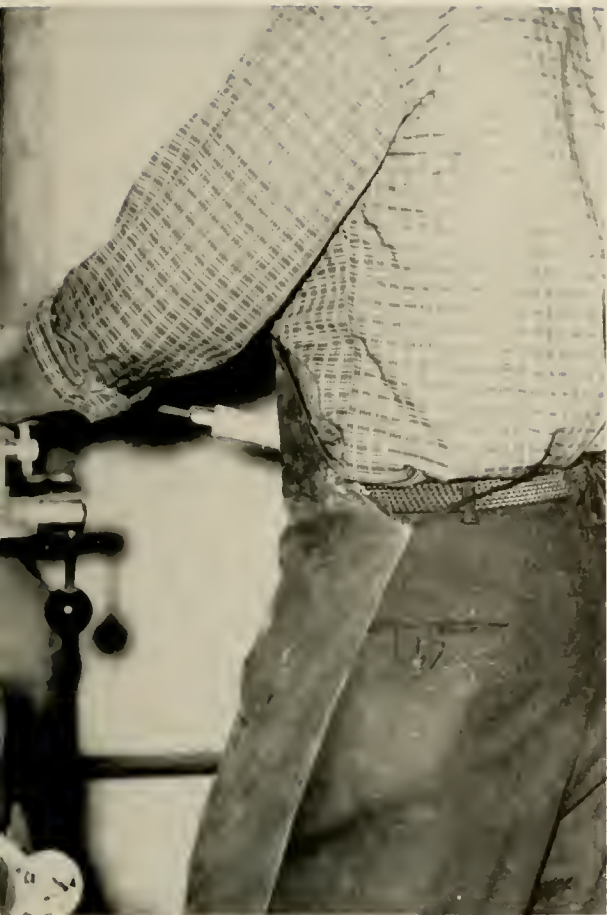

School of Education

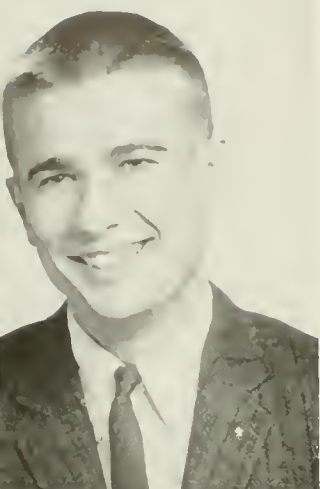

The current need for competent, well-qualified teachers is greater now than at any other period in the history of our public school system. This is especially true in the fields of mathematics, science, industrial education, industrial arts, and vocational agriculture.

The School of Education provides the professional pre-employment training required for certificating teachers of vocational agriculture, industrial arts, industrial education, mathematics and science. The curriculum in each of these departments includes courses designed to aid prospective teachers in acquiring an understanding of high school pupils, and in selecting and using acceptable teaching methods. The School of Education also provides under-graduate training for recreation leaders in industrial and rural areas.

Alpha Zeta was founded at Columbus, Ohio, on November 4, 1897. The North Carolina Chapter was the eighth of forty five chapters and was chartered in 1904. Its aims are perhaps best expressed in the words of the founders: "Alpha Zeta was established neither as an honor nor as a social fraternity, but as a professional fraternity whose membership shall be combined of the qualities of high scholarship, fine fellowship, and sound character." These are the vital qualities of leadership in the fields of agriculture, education and forestry for which the fraternity was established to encourage and develop.

Kappa Phi Kappa

Kappa Phi Kappa is a National Honorary and Professional Education Fraternity which has its purpose the promotion of education as an instrument of social betterment.

The members of Kappa Phi Kappa are selected on the basis of their recognized ability for outstanding scholastic and social achievement and professional ideals.

School

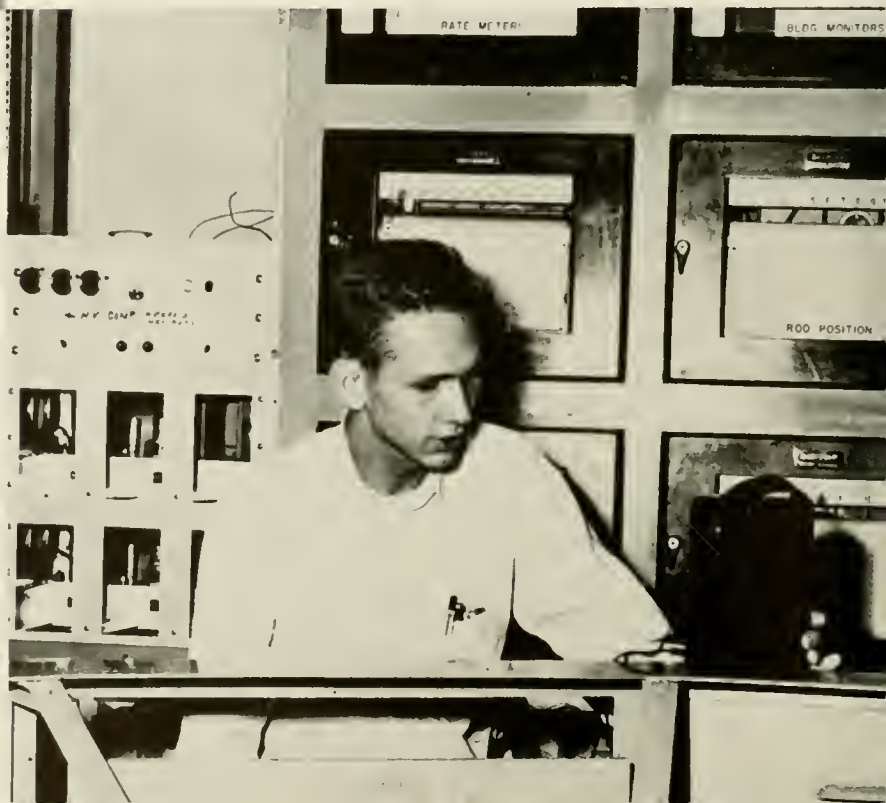

DEAN JOHN H. LAMPE

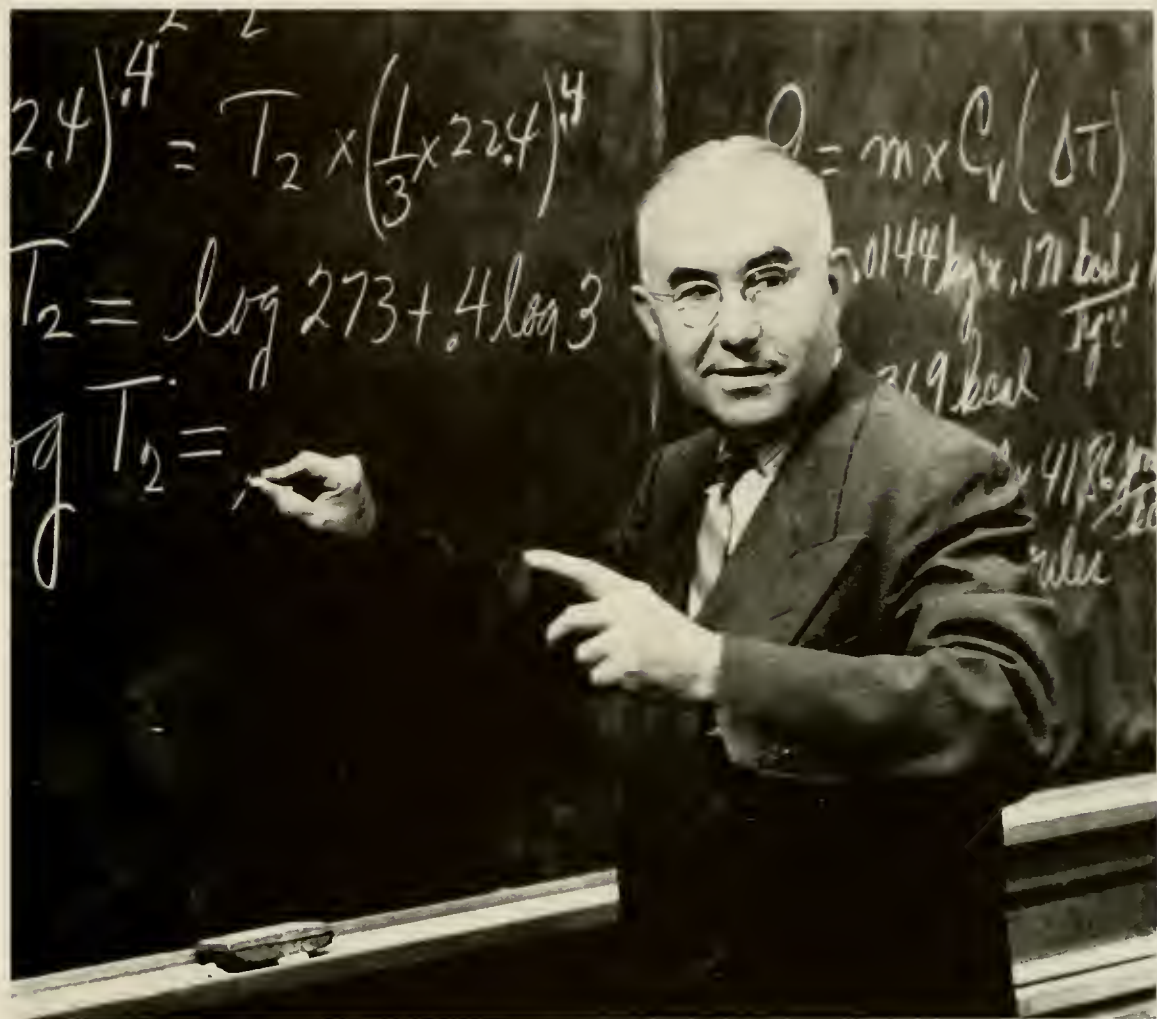

The engineer, vigorous and probing in his approach to technological problems, represents a profession growing in size and importance. To meet the expanding demand for its graduates, the School of Engineering, too, has grown until now it has the largest enrollment in the College. Representing major fields of engineering and growing areas of specialization, fifteen curricula are offered by eight degree-granting departments. Graduate as well as under-graduate programs extend to the student the opportunity to exploit to the fullest his capacities for learning.

Dr. John Harold Lampe, Dean of Engineering, directs a staff which includes some of the education and scientific leaders of the nation. Nine buildings filled with modern facilities are utilized for teaching and research by these faculty members. In its extensive activities in service and research, the School seeks both to explore basic engineering principles and to investigate problems encountered by the industries of North Carolina.

Thus, the School is dedicated to the dual mission of serving the individual student and the citizens of the State. It also sets for itself the task of keeping abreast of current developments in technology and in the engineering profession. The resulting program of education is recognized as one of the foremost in the South and in the nation.

of Engineering

Engineers' Council

WILLIAM R. FOSS
President

HARVEY G. LANIER
Vice-President

R. DOUGLAS McBRAYER
Secretary

FRANK S. MADREN
Treasurer

The Engineers' Council is composed of elected representatives of the various engineering schools on the campus. The primary function of the Council is to co-ordinate the activities of the various societies represented.

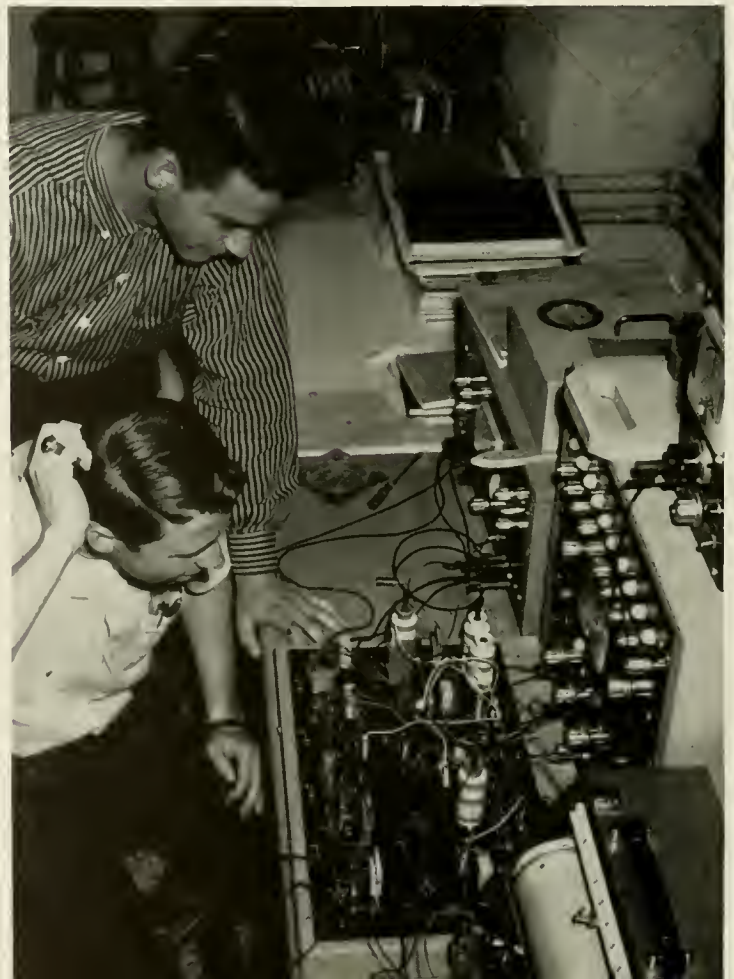

Each year the Council sponsors the Engineer's Exposition. It is also responsible for directing the publication of the "Southern Engineer."

The Engineers' Council sponsors two dances during the school year. In the fall, the "Engineers' Ball" is held. And, during the spring semester, the "St. Pat's Dance" takes place.

In connection with the "St. Pat's Dance", the Council recognizes outstanding engineering students by knighting them into the Order of St. Patrick. The outstanding senior engineering student is recognized and given a gift by the Council at this time.

Scholarship is encouraged at the freshman level by electing the two out-standing freshmen from each department as Companions of St. Patrick.

Theta Tau

Theta Tau, founded at the University in Minnesota on October 15, 1904, established Rho Chapter at State College in 1927. It is a professional engineering fraternity whose object is to develop and maintain a high degree of professional interest among its members and to unite them in a strong bond of fraternal brotherhood.

In keeping with its aims, Theta Tau regularly participates in the Engineers' Fair as well as sponsoring projects of its own in the interest of professional engineering and State College.

Pi Tau Sigma

Membership in Pi Tau Sigma is the highest honor that can be obtained by a mechanical engineering student in his field. He must maintain a very high scholastic average in order to be eligible for membership; but this is by no means the only requirement, for selection is also based on social adaptability, honesty, personal cleanliness, neatness, and soundness of principles and morals. If a man is deemed worthy, he is invited to join Pi Tau Sigma, an honor which all men would be proud to claim as theirs.

American Society of Civil Engineers

The object of the American Society of Civil Engineers is to afford civil engineering students an opportunity for fellowship with fellow students, faculty members, and practicing engineers, and to provide a means whereby professional knowledge may be increased. The Student Chapter relates the professional development of the student to the achievements of the National Society.

Meetings are held every second and fourth Tuesday night at 7:00 P.M. in the C. E. Building Auditorium. Addresses by professional engineers, films on engineering projects, technical papers prepared and read by students, social affairs, and business meetings constitute the programs of the chapter. The chapter also publishes its own newspaper, *ON THE LEVEL*. Membership is open to all civil engineering students.

Chi Epsilon

Chi Epsilon is a national professional Civil Engineering honorary fraternity, based on the broad objective of increasing the efficiency of the profession as an instrument of social betterment.

Chi Epsilon was organized to recognize those characteristics of the individual engineer deemed fundamental to the successful pursuit of an engineering career and to aid the development of these characteristics in the undergraduate engineer.

Chi Epsilon has, from a small beginning, grown to a place of prominence in the professional and honorary fraternity world. It has chapters in the majority of the best engineering schools in the country, striving to maintain a constant policy of establishing chapters at a school on the basis of the quality of its instruction and not necessarily its size.

The chapter of State has maintained an active membership of approximately twenty men, and has participated actively in both departmental and school projects.

Tau Beta Pi

Tau Beta Pi, the national honorary engineering fraternity, was founded at Lehigh University in 1885. The Alpha of North Carolina was installed here in 1925. It is the purpose of the fraternity to mark in a fitting manner those engineers who have conferred honor upon their Alma Mater by distinguished scholarship, liberal culture, and exemplary character. To be elected into Tau Beta Pi is one of the highest honors that a student engineer can receive.

The American Institute of Chemical Engineers

The N. C. State Student Chapter of the AICHE is dedicated to promoting academic and professional interest in chemical engineering. Nationally noted speakers, plant trips, and social meetings with parent groups are the stimulative means. The AICHE also affords opportunity for development of individual leadership, administration, and public speaking.

Faculty

OFFICERS

R. Douglas McBrayer	President
Thomas W. Krimminger	Vice-President
George L. Winchester	Secretary
Larry D. Barnes	Treasurer
T. C. Coleman	Corresponding Secretary
Dr. W. C. Hackler	Adviser

The North Carolina State College Student Branch of the American Ceramic Society was organized to familiarize students with the various aspects of the ceramic industry through talks, discussions, and motion pictures, and to promote a stronger bond of fellowship between students and faculty in the department.

American Ceramic Society

Keramos

OFFICERS

R. Douglas McBrayer	President
Thomas W. Krimminger	Vice-President
W. Jack Lackey	Secretary
Larry D. Barnes	Treasurer
Ed K. Culbreth	Herald
Dr. W. W. Krieger	Adviser

The principal object of Keramos is to promote and emphasize mental achievement and to promote interest in ceramic art, technology, and engineering.

Membership is offered in the Department of Ceramics or Ceramic Engineering to those who have a good scholastic record, a good character record and who give promise of making good in industry.

Sigma Pi Sigma

Sigma Pi Sigma is the only national physics honor society. Its chapters are restricted to colleges and universities of recognized standing which offer a strong physics major. The chapters receive into membership physics students and a few others in closely related fields when such students attain high standards of scholarship, promise of professional merit, and academic distinction.

The objects of the society are to serve as a means of awarding distinction to students having high scholarship and promise of achievements in physics, to promote student interested in research and advanced study of the subject, to encourage a professional spirit and friendship among those who have displayed marked abilities in physics, and to popularize interest in physics in the general collegiate public.

American Society of Heating, Refrigeration And Air Conditioning Engineers

OFFICERS

Clarence T. Tillery, Jr.	President
Robert B. Thamason	Vice-President
William R. Petty	Secretary
James R. McLester	Treasurer
James D. Murphy	Engineers' Council Representative
Lanny R. Moore	Reporter

The ASHRAE is an organization to improve the student's training in the field of heating, refrigeration, ventilation, and air conditioning. Professional interest, current problems, co-ordination of department activities, and development of character and leadership are other high objectives.

Student Furniture Club

OFFICERS

Billy G. Beason	President
Walter L. Bean, Jr.	Vice-President
Marshall N. Swann	Secretary
Robert L. Whitner	Treasurer
Harry G. Grier	Vice-President Alumni Relations
Vasser C. Matthews	Engineering Council Representative

The Club is organized by the Students of the Furniture Curriculum, and advised by Professor E. Sigurd Johnson and by Professor Rudolph Willard. Speakers from the Furniture Industry keep us informed by giving us first hand information of the latest developments in the industry.

American Institute of Physics

The student section of the American Institute of Physics is an organization whose purpose is the advancement and diffusion of knowledge of the science of physics and its application to human welfare. The section was formed in 1950 and has been steadily growing in membership and activities. Today it is one of the most active of the technical societies on campus.

JIM FOLSOM, President

American Society for Metals

OFFICERS

Rayvine Hanford	Chairmon
Ranold K. Bridgers	Vice Chairmon
Robert A. Draughn	Secretary
Gory Sheffield	Treosurer

The North Carolina State College Chopter of the American Society for Metals functions as an organization dedicated to the promotion of fellow-ship among metallurgical students and help them develop and broaden their interests in the field of metallurgy.

Rockhounds

OFFICERS

Clyde Simmons	President
Ted Konklo	Vice-President
Mike Hoos	Secretary
Henry Norman	Treosurer
Mr. E. L. Miller, Jr.	Foculty Adviser

The Rockhounds are an affiliated chapter of The American Institute of Mining, Metallurgical, and Petroleum Engineers. The purpose of this society is to promote among its members an increasing knowledge of Geological Engineering and to instill a professional pride in the life work they have chosen.

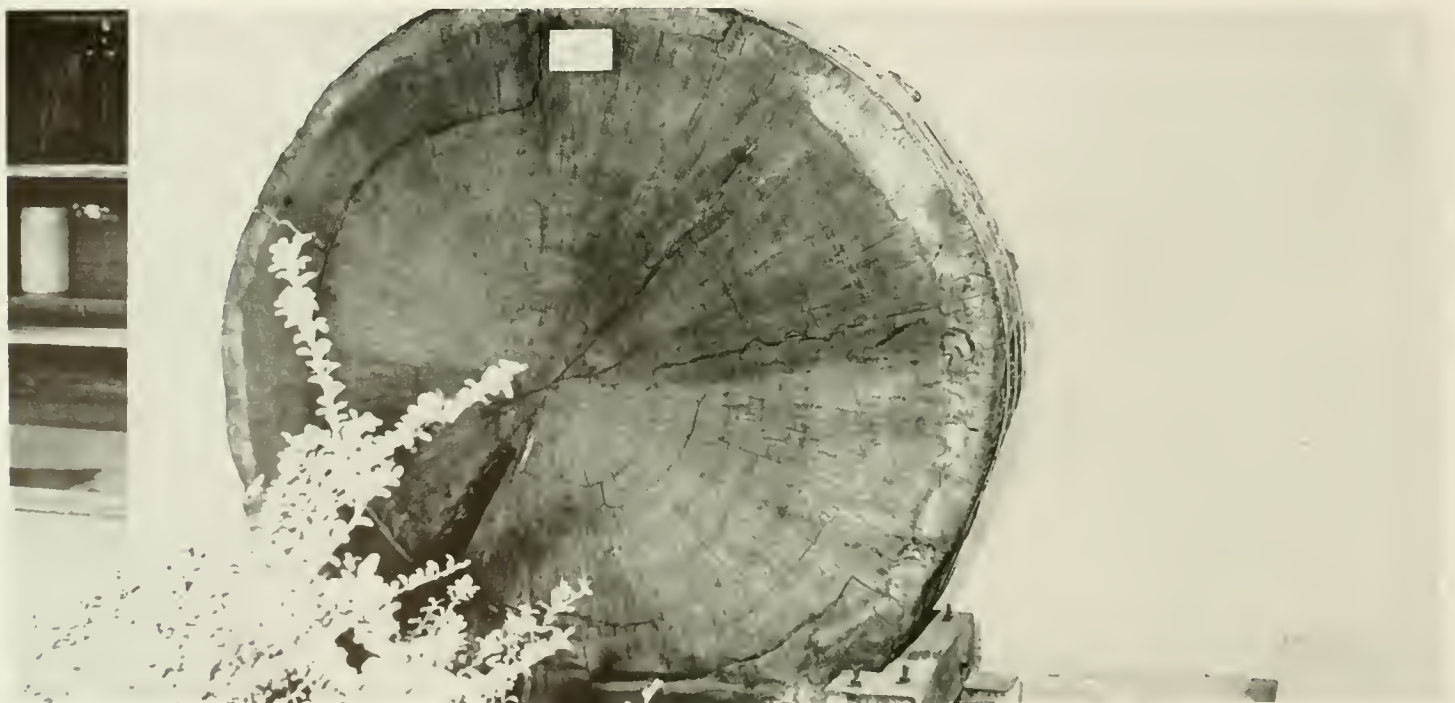

School of Forestry

DEAN R. J. PRESTON

To keep pace with the rapid development of forestry and the wood-using industries in the South, the School of Forestry has expanded its program and facilities. Under-graduate programs train students for careers in Forest Management, Wood Technology, Pulp and Paper Technology and Wood Products Merchandising. Graduate programs lead to the Master of Science and Doctor of Philosophy degrees. The classrooms and laboratories in Kilgore Hall, the three permanent camps, and 80,000 acres of School Forests, the Wood Products Laboratory, and the new Pulp and Paper Laboratory provided exceptional facilities for education and research.

BILL CARRIGAN, President

Forestry Club

The State College Forestry Club holds weekly meetings during the school year for the purpose of promoting better relationships between students and members of the faculty. Educational and recreational programs are presented at these meetings.

An annual "Rollea," held at Hill Forest, is sponsored by the club. At the "Ralleo," teams from each class compete in valleyball, log bucking, harseshoe pitching, tobacco spitting, and various other types of competition. The outstanding social event of the year is the "Lagger's Brawl."

Publication of the Pinetum, the Forestry Schaal annual, is sponsored by the club and distributed to forestry students and alumni. The club also publishes SLABS AND EDGINGS, bi-monthly paper containing articles and news of particular interest to farestry students.

OFFICERS

Bill Carrigan	President
Dick Brake	Vice-President
Jae Baker	Secretary
Joseph Vinsan	Treasurer

The Pinetum

Editor: SCOTT WALLINGER

Business Manager: DONALD BLIZZARD

Faculty Adviser: DR. RALPH C. BRYANT

The Pinetum is the annual publication of the School of Forestry and is sponsored by the Forestry Club. It is distributed to all students in the School of Forestry, active alumni, advertisers, and all accredited forestry schools in the country.

The Pinetum is a record of special events and student activities that take place in the School of Forestry. In addition, it contains reports and articles of information concerning school forests and research projects in forestry, as well as articles from around the world by practicing alumni.

Forest Products Research Society

OFFICERS

Jerry H. Fox	President
Vassar C. Matthews, Jr.	Vice-President
Richard W. Sherwood	Secretary
Robert W. Younts	Treasurer
Professor Roy M. Carter	Adviser

The Forest Products Research Society, an outgrowth of the national society, is the only active student chapter in the United States. The members are students whose primary interests are in wood utilization and its related industries. Membership is made up of students in the Furniture Manufacturing and Management Curriculum of the School of Engineering, and students in the Wood Technology Curriculum of the School of Forestry.

Fourdrinier Society

OFFICERS

John Thompson	President
Edmund Puckhaber	Vice-President
Kindred Mogette	Secretary
Ted Robinson	Treasurer

The Fourdrinier Society was founded in 1957 to afford pulp and paper technology students an opportunity for fellowship with fellow students, faculty members and practicing technologists, and to provide a means whereby professional knowledge may be increased. Programs for the monthly meetings include guest speakers from industry, films on various phases of the pulp and paper industry, and social affairs.

Xi Sigma Pi

OFFICERS

John Thompson	Forester
James McMinn	Associate Forester
David Bromlett	Secretary-Fiscal Agent
Ronald Bast	Forest Ranger

Xi Sigma Phi is a national honor fraternity whose purpose is the recognition and promotion of leadership, scholarship, and interest in the profession of forestry. Each year, the organization honors the outstanding freshman and senior in the School of Forestry. The fraternity undertakes projects for the general aid of forestry students.

DEAN MALCOLM E. CAMPBELL

Life is no longer simple in the weaver's trade. Man-made fibers with man-made properties, chemistry, electronics, and even nuclear radiation have converted the ancient art of textile manufacturing to a complex science.

Through its educational and research program, the School of Textiles is providing leadership for this new era in North Carolina's largest industry. It is first in research, first in education. This is "the mill" . . . home of whirring spindles and zooming looms . . . the orlon artery for human beings . . . the blue windows of slubbers and snubbers . . . the Shuttle Inn . . . of the Red Thunderbird . . . the beginning of careers in a fast moving industry.

Under current plans to broaden both programs, and with the backing of textile leaders, the School can help insure the future of one of North Carolina's fascinating, colorful and dynamic industries.

School of Textiles

DAN CASH, President

The Tompkins Textile Council is the student's governing body of the School of Textiles. It is composed of representatives from the various textile organizations and representatives from each class.

The Council acts as the bridge between the students and the faculty. Also, the Tompkins Textile Council sponsors many student functions each year, highlighted by the Textile School Open House and the Annual Textile Picnic. To be a member of the Tompkins Textile Council is one of the highest honors in the School of Textiles.

Kappa Tau Beta

Sigma Tau Sigma

A local textile honor fraternity, Sigma Tau Sigma strives to instill in textile students a desire for higher scholastic attainments. An incentive toward this goal is the Sigma Tau Sigma Scholarship cup that is presented each year to the senior in textiles with the highest scholastic average. The Greek letters composing the name of the fraternity represent the words, Society of Textile Scholarship.

Phi Psi

Phi Psi Fraternity is a professional textile fraternity, the objects and aims being; first, to promote good fellowship among men of textile schools and the textile industry; second, to encourage a high standard of textile work; third, to assist by every honorable means the advancement of its members.

Eta Chapter at State is the largest chapter in the fraternity, in parallel with the largest textile school in the world. The fraternity serves the Textile School by offering a guide service for all visitors and guests of the school. It also sponsors a banquet in the spring at which a cup is awarded to the Man of the Year in the North Carolina Textile Industry.

Delta Kappa Phi

Delta Kappa Phi is the oldest professional textile fraternity in America, having been founded in 1899 at the Philadelphia Textile Institute. Started around a nucleus of seventeen members, Kappa Chapter was instituted on May 14, 1948 at State College. The fraternity strives to create a fraternal relationship and greater social enjoyment among its members, as well as promote the interest of its members in acquiring a thorough education in textiles. The chapter of State College also strives to promote activities of interest to the Textile School.

Blue Key Honor Fraternity was founded at the University of Florida in October, 1924, to perpetuate the belief in God, to preserve the principles of good citizenship, and to promote the best interest of the students.

The fraternity recognizes outstanding qualities in character, scholarship and service, placing equal emphasis upon leadership in student activities. Membership is composed of graduate and undergraduate students of all departments of American colleges and universities.

Each year Blue Key co-sponsors the Homecoming celebration. Annually the fraternity presents the citizenship award to the Senior who has distinguished himself as the foremost citizen of his class. In addition, Blue Key cooperates with other campus organizations in various activities to perpetuate a more meaningful campus life.

The Order of Thirty and Three is a local honorary organization consisting of a total of thirty-three members. The eleven active members are picked at the beginning of the spring semester from the Sophomore Class and remain active until the following Spring.

The members selected are considered to be the outstanding members of the Sophomore Class. Selection is the highest honor a Sophomore can receive at State College. Qualifications for membership include: Good character, a high sense of honor, ability for leadership, satisfactory scholastic standing, welfare of school at heart, and other qualities deemed necessary to accomplish the greatest good, as determined by the active membership.

The objects of Thirty and Three are: to promote the welfare of State College, raising of school standards, and cooperating with alumni and other friends of the College to work at all times for the interests of the students and the College at large.

The honor society of Phi Kappa Phi was founded at the University of Maine in 1897 and the North Carolina State College Chapter was established on December 10, 1923. There were twenty-nine charter members and since that time more than twelve hundred juniors, seniors, and graduate students, staff, alumni and honorary candidates have been elected to membership.

Phi Kappa, the highest scholastic honorary society on campus, is the honorary society for technical fields of study. It was established to provide an honor society dedicated to the Unity and Democracy of Education and is open to honor students from all departments of American Universities and colleges. Its prime objective is to emphasize scholarship and character in the thoughts of college students, to foster the significant purposes for which institutions of higher learning have been founded and to stimulate mental achievement by recognition through election to membership.

Phi Eta Sigma was founded at the University of Illinois, March 1923. The State College Chapter was installed on May 16, 1930. Membership in Phi Eta Sigma is open to those Freshmen who make the equivalent of half A's and half B's and is considered the highest scholastic honor a Freshman can attain. Phi Eta Sigma's members are active for the latter half of their Freshman year and remain active during their Sophomore year. They strive to reward and promote an interest in high scholastic standards.

Student Government

The Student Government is a self-administering body comprised of State College students. The Student Government is an example of student leadership and student Democracy.

The accomplishments of the Student Government are too many to enumerate. One such improvement fostered by the Student Government is the new attendance rules in effect at State College.

Only by leadership, integrity, and devotion to duty can progress in the Student Government be accomplished—and the State College Student Government possesses these qualities.

The Honor Code Board considers and takes necessary and just action concerning violations of the Honor Code. It is composed of ten persons elected by the students on a class basis.

The Honor System exists on the promise that each individual values highly his personal honesty and has pride in his integrity. It is not a unique part of education, but a familiar precept of daily living. This system is a positive one in that it poses no bounds, but gives the individual complete freedom in shaping his own character.

JOEL RAY, Chairman

The Honor Code Board

Harris Caldwell, Bill Jackson, Alvin Yorke, Scoofer Jordan, John Cook, Poul Romono, Skipper West. (Not pictured) Tom Hewitt, Jim Lewis.

JOHN COBB, Chairmon

The Campus Code is the second campanent of the Hon-
or System. It is a pledge on the part of each student to
conduct himself in a manner befitting a gentleman under
all circumstances. Since "gentlemanly conduct" cannot be
precisely defined, the interpretation is left to the student,
who must rely upon his own training and common sense.
To this ideal of honorable conduct all men may be as-
sumed to be dedicated, regardless of their status; however,
here at State College it is a responsibility assumed on
entering.

The Campus Code Board

Front: Bill Morley, Mike Perry, Jim Floyd, Tommy Goodin
Rear: Reid Hinson, Bob Chiles, Jock Poteet, Bob Redmon,
Sondy Matthews

The Campus Code is the second component of the Honor System. It is a pledge on the part of each student to conduct herself in a manner befitting a lady under all circumstances. Since "lady like conduct" cannot be precisely defined, the interpretation is left to the student, who must rely upon her own training and common sense.

To this ideal of honorable conduct all women may be assumed to be dedicated, regardless of their status; however, here at State College it is a responsibility assumed on entering.

Board of

Student Publications have been a vital force in the life of North Carolina State College for many years. Since its beginning in 1931, The Board of Student Publications has served as a joint student-faculty body designed to improve and coordinate the various student publications, now totaling nine including the student radio station. The diversity of publications and the varying styles provide an excellent training ground in the field of communications for all students who are interested in this work.

Agromeck

The AGROMECK is the largest publication on campus. The eight section editors, the Editor, the Business Manager, the Photographer, and the four assistants work long, hard hours to put out a year-book that all the students will enjoy.

Each year the Editor strives to put out a book that is comprehensive and different. His job is a tremendous one with multiple worries.

At the end of the year when the AGROMECK goes to press, the Editor can sigh in relief and be sure that he has done a service that will live for many years on the State College Campus.

The Technician

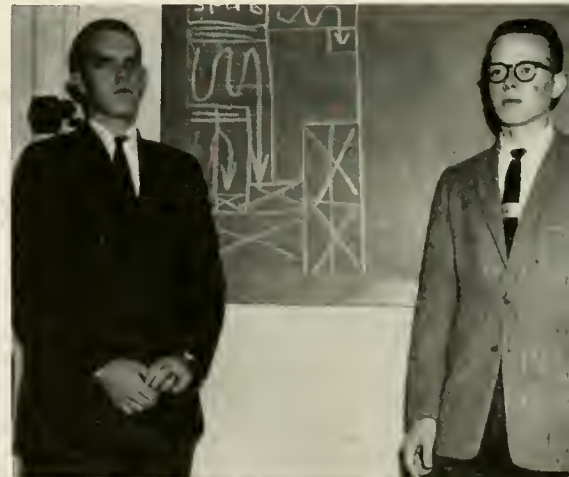

Although undermanned and undermoneyed, the staff of The Technician has again published a newspaper worthy of being called "State College's Student Newspaper".

All staff members have strived to present to the students here, as complete as possible, a coverage of the campus. With the ever-present Moore and Cassels combining their talents with those of "Partial" Hammett, "Noah" Adams, and "Speed" Brame, the paper has brought to the students a combination of news, sports, and humor.

Radio Station WKNC

Carrol Narwood, Bob Gahrman, Sales Director, Bill Jones

"WKNC, the Voice of N. C. State College and Peace College." It's a new station break, keeping apace with the ever expanding facilities of the Student Broadcasting System.

State College Radio celebrated its Crystal Anniversary in January of this year, signifying 15 years of service to the State College community. The story of this expansion has not always been rosy, but through the hard work of many people WKNC now enjoys the status of the high quality organization that it is today.

WKNC is a student organization that men take an interest in. In taking that interest, they strive to excel in bringing to State College (and Peace College) "the music most people like most," in addition to drama, and complete sports and news coverage.

Alpha Phi Omega is a national service fraternity composed of college and university men who are or have been previously affiliated with Scouting. This fraternity offers the college man excellent opportunities to develop leadership, to promote friendship, and to render service to his fellow man through working together in the spirit of fraternalism in projects of service to the student body and faculty, to youth and community, to members of the fraternity, and to the nation as a participating citizen.

Iota Lambda Chapter here at North Carolina State College stands in the elite by being a chapter in the only national Greek letter fraternity which is devoted essentially to service, ALPHA PHI OMEGA.

College Union

The College Union is a building for the students. Containing the elements of a hotel, a restaurant, and a community center, it is open to all students sixteen hours a day.

The heart of the College Union, however, is not located in the steel and concrete of the building, but rather in the Union organization itself. The building is merely the instrument through which the Union idea is accomplished, and its success reflects the combined efforts of its Officers, Board of Chairmen, Committees and Board of Advisors.

The College Union Board of Directors puts the stamp of approval on the social budget and on the rules concerning the use of the Union Building. It also sets the College Union policy.

The Board of Chairmen consists of the student president, vice-president and secretary of the Union, and the Chairmen of the sixteen standing committees. The Board meets weekly. It critically

analyzes all the programs of each committee and coordinates events that are sponsored jointly.

The Union Committee is a proving ground for initiative, dependability, loyalty, and tolerance. Since students graduating from college are often grade "A" technicians and grade "D" leaders, the Union's prime objective is to teach students to become effective leaders and citizens. Open to all students, the committee program is geared to teach them how to get along with other people and to organize events and ideas.

The Board of Advisors is composed of faculty and staff members who make themselves available to the committee for advice and guidance.

The scholastic courses on campus offer mastery of words, ideas, and principles—the usual concept of a college education. The Union, however, offers practical experience in understanding and working with people.

The purpose of the N. C. State Y.M.C.A. is to stimulate religious development and provide an opportunity for the student to relate his academic experience to his faith.

These principles are reflected in the "Y" program through dorm devotions, week-day and Sunday chapel services in Danforth Chapel, religious conferences, and other religious activities. In a less obvious but still profound way, these principles are applied to activities which are vital to the needs of the student in the community and world in which he finds himself. These activities include: international student programs, seminars on courtship and marriage, United Nations assemblies, political affairs, art and music lectures and dramatic presentations. Weekend faculty and student retreats with programs involving everyday problems and the Apollo Club give an added depth to the "Y" program.

NORMAN OWEN
President

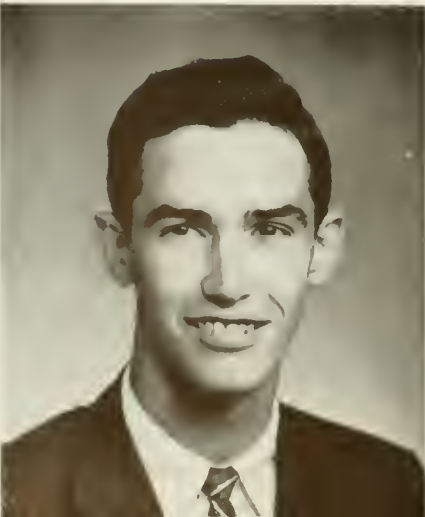

SANDY MATTHEWS
Vice-President

STANLEY PICKETT
Secretary

ROBERT COOKE
Treasurer

An efficient Co-Ed Commission in the "Y", which has sought to create an active program for the co-eds on campus, has formed a big-sister fellowship for the freshmen girls and focuses its attention upon the special concerns of the girls.

Last year the Y.M.C.A. building was dedicated as the "E. S. King Religious Center." This was in honor of the Y.M.C.A.'s first General Secretary, who did much to relate the student's work to his ultimate purposes in life here on the State College Campus. Now the King Religious Center provides offices for the "Y" and denominational chaplains. All work together on the campus to help students fulfill the will of God in their lives.

Musical Organizations

ROBERT A. BARNES
Director of Music

J. PERRY WATSON
Assistant Director of Music

The Musical Organizations under the direction of Robert A. Barnes and J. Perry Watson embrace the activities of the State College Bands, The Percussion Ensemble, The Men's Glee Club, State College Quartet, and the Chapel Choir. Each of the groups presents concerts on and off campus and on TV and Radio.

Since the early days of N. C. State College its musical organizations have played an important part in the life of the campus. These groups present concerts, furnish music for official college functions and perform at athletic events.

The combined membership of these organizations constitutes the largest voluntary student organization on the campus. The student who spends a great deal of time studying finds music to be a very stimulating activity. Participation in music helps the student to maintain a healthy attitude toward college and toward life in general.

Band Officers; (left to right) David Peterson, Secretary (Symphonic Band); Franklin Cable, Secretary (Fanfare Band); Marvin Beatty, Second Vice-President; Charles Cates, First Vice-President; James Walker, Business Manager; Jesse Barbour, Publicity Manager; Arnold Joslin, President.

Glee Club Officers; (left to right) Kenneth Culbreth, President; Cliff Fuller, Vice-President; Hoyt Beard, Secretary; Scott McReo, Assistant Publicity Manager; Mike Davis, Publicity Manager; Collins Pippin, Treasurer-Business Manager.

Mu Beta Psi

Mu Beta Psi was founded at State College, Alpha Chapter being located here, and has grown to become a national honorary music fraternity. Its primary function is to promote music on the campus by sponsoring various concerts by guest artists, local organizations, and by campus organizations.

Pre-Vets Club

OFFICERS

John Freeman	President
Talmdge Brown	Vice-President
Patricia Garner	Secretary
Bruce Stroup	Treasurer
John Booker	Program Chairman

The purpose of the Pre-Vets Club is to stimulate interest in the field of Veterinary Medicine, to promote high scholarship and fellowship among its members, and to acquaint the students with the Veterinary College at the University of Georgia and Oklahoma State University.

PHIL CARLTON President

The purpose of the Young Democrats Club is to stimulate in young people an active interest in governmental affairs, to increase the efficiency of popular government, to foster and perpetuate the ideals and principles of the Democratic Party, to recruit new members for the Democratic Party and Democratic candidates, to help acquaint voters with the issues and the candidates, and to provide for our people through administration the highest degree of justice, social welfare, and happiness.

YDC

The organizational meeting of the North Carolina State College Veterans Association was held on October 21, 1953. Since that date the Association has actively participated in student programs, functions, and activities.

One important function of the Association is to serve as a medium through which the many veterans at North Carolina State may voice their various opinions.

"For God and country we associate ourselves together. . . to perpetuate in peace those ideals for which we fought in war. . . ."

Monogram Club

The purposes of the Monogram Club are to recognize through a student organization those men who have earned a monogram, in accordance with the regulations of N. C. State College; to foster good fellowship among monogram winners; to promote a high standard of intercollegiate athletics and the spirit in which they are conducted; and to encourage ideals of good sportsmanship among athletes and spectators in the best interest of North Carolina State College.

THE 1959

Eighth row: Brewbaker, Smaltz, Michaels, Poole, Bunch, Clements, Peppler, Edwards

Seventh row: Kudryan, Jaeger, Stephenson, Mitchell, Hodges, Knoll, Kroll

Sixth row: Renner, Pagano, Ewing, Amos, Roycroft, Dellinger, Duricko, Stewart, Wojcicki

Fifth row: Kinek, Leech, Vollmar, Bernhord, Puckett, Matthews, Goedeker, Anthony, Bodziok

Fourth row: Taylor, Golden, Morton, Wilder, Morris, Koumporakis, Morovich, Fitzgerald, Gabriel, Shaffer

Third row: Shea, Raneri, McKeithan, Stanton, Horden, Gill, Harrell, Wolfer, Drexler

Second row: Moncini, McCloin, Hill, Gibson, Reynolds, Gilleskie, Topp, Avent, Singleton, Moore

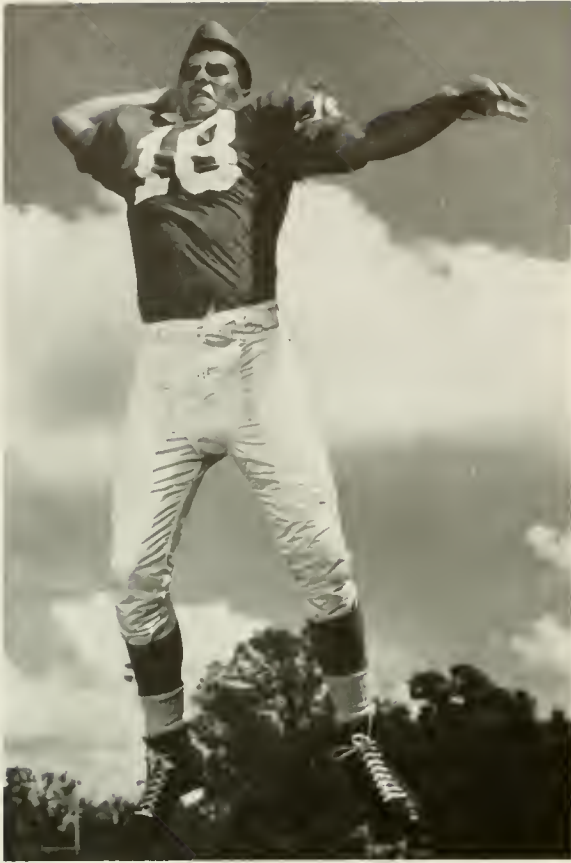

First row: Lawrence, Latusick, Nye, Co. Capt. Minyard, Co. Capt. Ealonick, Padwika, Nelson, Morocco, Seese, Bushofsky

WOLFPACK

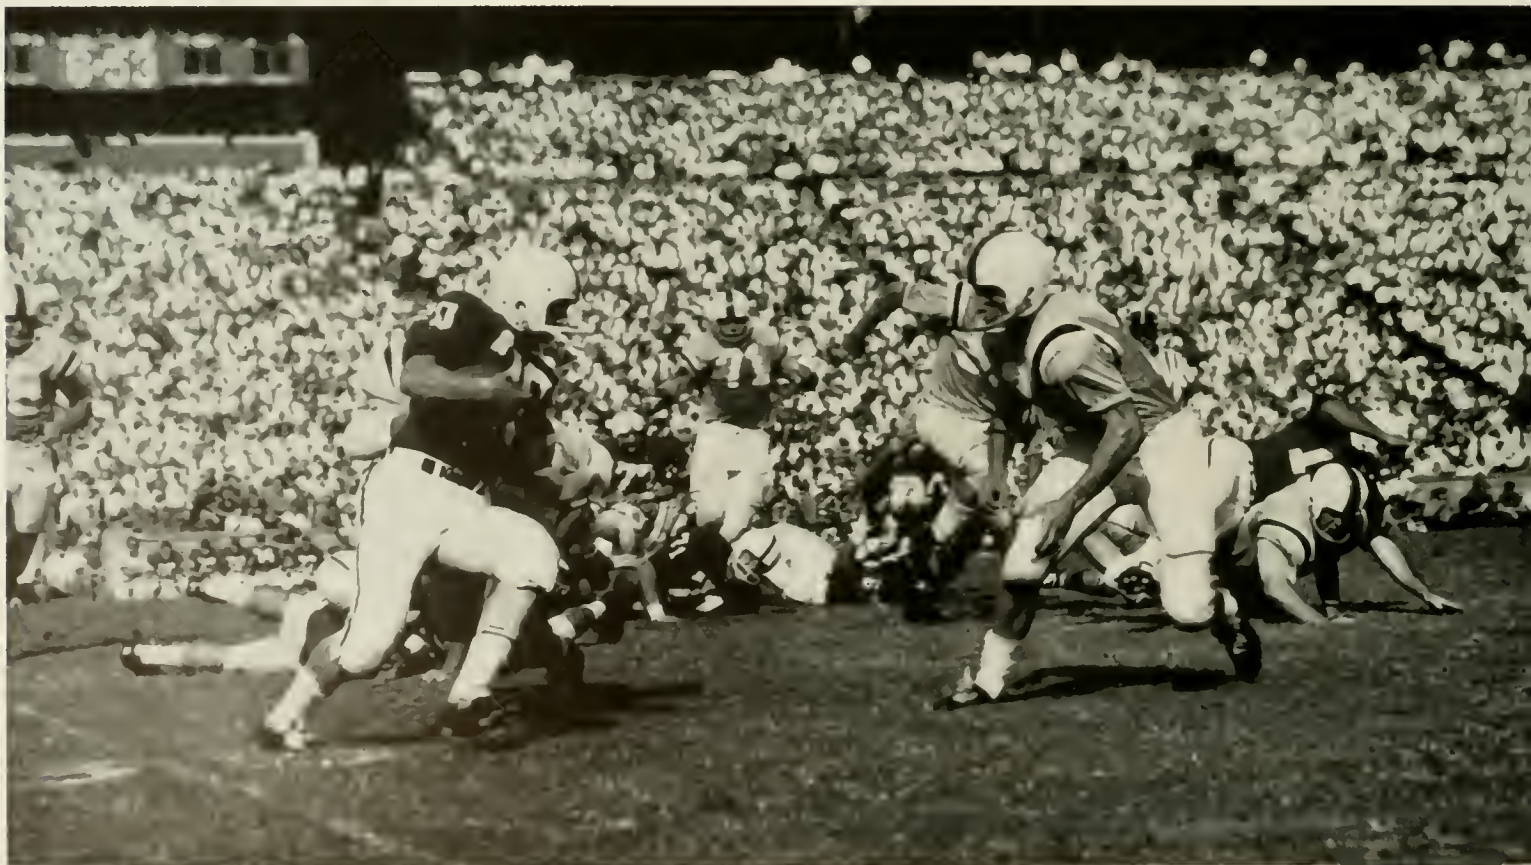

SCORES

State	15	Virginia	13	State	0	Wyoming	26
State	12	North Carolina	20	State	14	Mississippi Southern	19
State	0	Clemson	23	State	12	UCLA	21
State	14	Wake Forest	17	State	7	South Carolina	12
State	15	Duke	17	State	28	Maryland	33

Gabriel exhibits the form which enabled him to tie the ACC passing record by completing 19 passes in the UCLA game.

It's hard to write up a summary of a losing team's season. The facts are well known that the Wolfpack won only one game and lost nine. If the loyal Wolfpack fans think this is hard to swallow, what about the team itself? Day after day last fall the boys knocked themselves out in long, unglamorous practice sessions to come out before loyal fans each Saturday to try again. Never giving up, the Wolfpack played good clean football every game but luck just was not with them.

Padwika hits pay dirt the hard way against Carolina. Such a shame he could not have hit it more often.

The leaders on the field, Co-Captains Balonick and Minyard, and the leader off the field, Head Coach Earle Edwards.

Latusick evades one tackler and faces another in that fateful day at Chapel Hill.

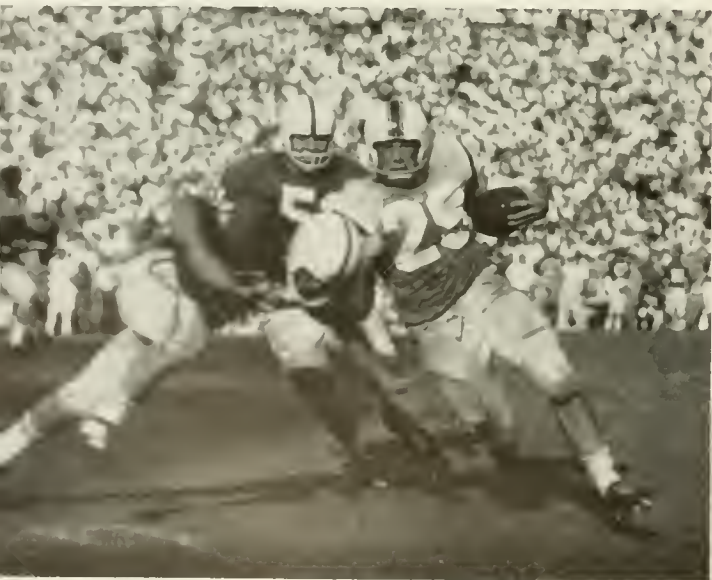

A swarm of Wyoming tacklers move in for the kill.

Wojcicki has excellent blocking

Gibson moves in for a bone-crushing tackle. The Carolina man's expression is indicative of what he expects.

One State player loses his jersey but Stote still scores against Duke.

ies a field goal against Wyoming.

No one can forget ten losses in the coin tossing before each game or the rain at several of the games. These facts, however, are only indicative of the bad luck the team had all season. At the first of the season the team had fumblelitis and the team was also hurt when several of its important players were put on the injury list. In the Mississippi Southern game the Wolfpack went ahead with a little over a minute left to play. However, with only 54 seconds remaining, Mississippi Southern scored on a 37-yard touchdown pass to win the game. In the Duke game State was in another cliff hanger when it was trying for a field goal on the final play. It failed and the loss was by a 17-15 score.

Marocco eyes a would-be blocker as Podwicko murders this Duke Player.

Harrell braces himself before stopping this Duke run.

Podwika pulls in another of Gabriel's passes. This combination was a threat to every opponent.

The Wolfpack played a fine brand of ball all season with the exception of two games. The Wolfpack could have been on the winning side of any game. The poor showing in the Wyoming game could possibly be attributed to the Wake Forest and Duke heartbreakers the two weeks previous. The Wolfpack had 148 first downs while holding its opponents to 122. State didn't receive any penalties in two games to show the clean brand of ball State played. State gained 1288 yards on passes and five touchdowns while its opponents netted 980 yards and ten touchdowns. In rushing the Wolfpack lost, gaining only 1116 yards to the opponents' 1582. Losing only seven players, Balonick, Minyard, Latusick, Podwika, Nelson, Marocco, and Nye, through graduation means that the Wolfpack will be back next year fighting, even though the loss of these players will be great.

Muehlbauer gets a leftie for two more against Wake.

Muehlbauer and Niewierowski give Schaffer a rough time on this rebound.

A new style of play, a new-found spirit, and a mistake have turned State's basketball team into the hottest thing since the Chicago fire. It's a shame that this annual has to go to press before the season is over, for the Wolfpack has won five games in a row and seven in a row in the Coliseum to boost its conference record to 5-6 and overall standing to 9-11.

Three members of the team were suspended for ten days, but when they returned, State's running game returned with them. Beating Wake Forest seemed to restore the team's confidence. They suddenly realized that they weren't as bad as they had looked during the first half of the season.

Wherry throws up a hook with the grace of a southpaw.

Niewierawski gets a bunny at Chapel Hill.

McCann climaxes a fast break by pouring in two.

Muehlbauer's left-handed shots just can not be stopped.

State's success, as always has been the case, can be attributed to team effort; each man on the team playing a vital role in each victory. Substitutes have played important roles whenever the regulars cooled off. Recently Niewierowski has become a terror off the boards, Gallagher has been scoring like crazy, DiStefano and Muehlbauer rebounding and scaring like never before, and Englehardt directing the plays on the floor. State fans can rest assured that as long as the Gray Fox is coaching the Wolfpack, every opponent will have his hands full, no matter how strong the team is.

Hoadley seems to be having difficulty in obtaining possession of the ball.

Fans anxiously await the opening tip-off.

State controls the tap and Captain Englehardt motions "Set up".

State scores and the fans love it.

Marvel and Muehlbauer screen out a Kansas player as the ball goes out of bounds.

The freshmen can put those left-handed shots in too.

Niewierowski goes up alone against Kansas State.

DiStefona hits two against Penn State.

Englehardt is dwarfed by the giants around him.

Moose shoots and everybody watches.

Englehardt slips under the basket for two.

Marvel and Clark have their troubles trying to get the ball.

WRESTLING

State	2	Maryland	33
State	18	Virginia	15

State	59	Virginia	36
State	33	Maryland	62
State	58	South Carolina	33

Remaining meets:

V.P.I.	Raleigh
Carolina	Raleigh
ACC meet	Maryland

Already bettering last year's record, the swimming team has managed to compile a 6-1 record so far. The exact results of the season are only speculative: If Maryland is beaten, the team could end up in a three-way tie for first in the conference. One of the serious drawbacks of the team this year has been its lack of depth, but since all of the members except Adams are sophomores and this year's freshman team is one of the best in the history of the school, this problem will be eliminated next year. Some of the team members are:

JOHN WILCOX—butterfly
 ROBIN BEST—distance free style
 JIM D'ANNA—sprint free style
 JIM CUTTER—backstroke
 BOB ADAMS—middle distance free style
 FRANK COBLE—diving

First row: J. Allen, J. Prager, J. Singer, Capt. B. Adams, J. Wilcox, J. D'Anna, F. Cable Second row: B. Willett, D. Smith, S. Ellis, E. Spencer, J. Cutter, G. Griswold, P. Fargarasy, T. Klipfel, R. Best

John Wilcox, Smokey Ellis, and Jim D'Anno pause for a moment before a vigorous work-out.

John Wilcox waits anxiously for the start of the butterfly.

MAY 14	WAKE FOREST	WINSTON-SALEM

Baseball prospects for this spring look good. Nearly everyone from last year's team will be back. This plus the fact that there will be several good junior college graduates and outstanding players from the freshman team give the team real depth. Hitters such as Lancaster (last year's leading hitter), Gabriel, Schaffer, Wells, Perry, Edwards, and Cauble give the team good offense and the exceptionally good pitching staff gives the team good defense. The one factor that may keep this team from going all the way will be that it is short on speed. Some of the team members will be:

Returning:

Wilson Carruthers, pitcher
 Stacey Wells, first base
 Jim Cox, shortstop
 Eosom O'Neal, third base
 Jim Lancaster, outfielder
 Jim Story, outfielder

Jerry Cauble, outfielder
 Bernie Latusick, outfielder
 Nothom Smith, catcher
 Jim Overby, catcher
 Owen Wright, pitcher
 Weldon Schaffer, catcher

Junior College graduates:

Joel Gibson, pitcher
 Adko Perry, catcher

Freshmen:

Wayne Edwards, shortstop
 Roman Gabriel, first base
 Vernon Strickland, outfielder

EARLY SPRING WORKOUTS

R I F L E T E A M

The varsity rifle team is comprised of outstanding members of Air Force and Army ROTC. The team is a relatively new group since it has only been in existence for three years. This youngness, however, has not been prevalent this year, for the team has a 23-0-1 record thus far with 43 matches left.

First row: B. Waller, B. Buchonon, Capt. R. Hinsan, R. Pindell B. Herr Second row: F. Wieland, B. Barbre, L. Bonks, D. McRae, W. Reynolds

MILITARY

ARMY

The Army ROTC has as its purpose, the training of students for position of leadership in the Army in time of national emergency. The successful completion of a four year Army ROTC course leads to a commission as a second lieutenant in the Army reserve.

In the classroom, emphasis is placed on giving the prospective officer a general background knowledge of military subjects and activities essential to all of the Army's fifteen arms and services. Maximum effort is made to arouse the student's interest through the use of weapons, illustrations, training films, practical exercise and models.

Drill and Exercise of Command facilitate development of those essential characteristics of leadership such as self-confidence, initiative, loyalty, and the ability to think clearly, make wise decisions and inspire others to work for the success of any endeavor.

AIR FORCE

The Air Force looks to its ROTC program for many of its future leaders.

Our basic course provides students with an understanding of fundamental military discipline and organization.

In addition, it provides a basic knowledge of the air age and the influence of Air Power on World Affairs—knowledge which is essential for good citizenship, civilian or military, in today's world.

The Advanced Course for selected and volunteer juniors and seniors provides more intensive academic and leadership training to quality graduates for commissions and active duty.

Throughout the entire AFROTC course a primary objective is to develop in students qualities of leadership and the ability to communicate effectively. These are keys to success in either military or civilian careers.

Interfraternity Council

The Interfraternity Council was organized in the spring of 1931 through the efforts of the Council Administration and the fraternity leaders. The purpose of the Council is "to advance the interests of North Carolina State College, to promote the general interests and welfare of the associated fraternities as a body, and to insure co-operation between them in their relations with the faculty, student body, and the public in general." The Council is composed of two representatives from each chapter, elected by the chapter.

As the social feature of the college year, the Council sponsors two dances—the Pledge Dance in the fall semester and Spring Greeks.

Alpha Gamma Rha was founded in 1904 at Ohio State. Its purpose is to develop the best social, mental, moral and physical qualities in each brother and to promote a wider acquaintance and a broader outlook on the part of agricultural men through fellowship in a national organization. There are now 33 active chapters with over 18,000 members.

Nu Chapter was initiated on March 15, 1919. One of the high aims of NU Chapter is outstanding scholarships and activities which all members are expected to develop. The social activities include: pledge parties, Christmas Formal, Founders' Day Banquet, Pink Rose Ball, and beach parties.

Inspired by the noble ideas of its founders and built by its theme of Engineered Leadership, Delto Sigma Phi Fraternity has steadily grown until today its chapters ore established on 91 college campuses throughout the United States. Founded on December 10, 1899, at the College of the City of New York, Delta Sigma Phi proudly surveys over a half century of solid progress and leadership in the Greek World.

Rho Chapter became, in 1915, the sixth national fraternity to be established at North Carolino State. Since then, it has maintained a tradition for responsible participation in all campus activities.

The present Delto Sigma Phi house, purchased in 1957, is located on Tryon Road in front of the Raleigh Golf Association Clubhouse.

Farm House is a national, non-Greek letter, social fraternity. The first chapter was established in 1905 at the University of Missouri. Seven men conceived the idea of Farm House at Missouri, having in mind the development of a social fraternity which would maintain high morals, develop outstanding leadership qualities, strive for high scholastic achievements and provide a home for worthy agriculture students while in college.

With these definite objectives to reach, the motto, "Builder of Men", was adopted for the fraternity.

The national scope of Farm House now includes 18 active chapters. Each year almost every Farm House ranks first in scholarship among the other fraternities on their respective campuses.

The North Carolina chapter received its charter on May 15, 1954 to become the thirteenth chapter. The chapter has taken an active part in campus politics, leadership, intramurals, and joint fraternity functions.

Although the majority of the Brothers are in Agriculture, the chapter also has men in Forestry, Education, and Textiles; and fraternity membership is now open to men in all schools.

Kappa Alpha was founded at Washington and Lee University in 1865 to perpetuate the Southern ideal of gentlemanly character typified by Robert E. Lee, its spiritual founder. The fraternity is patterned on an order of knighthood, and the members are expected to conform to the discipline of the order and cultivate the fraces of Southern gentlemen. Kappa Alpha restricts

its field to colleges and universities south of the Mason-Dixon Line. At present there are 76 chapters within the order. Alpha Omega Chapter was chartered at North Carolina State College in 1903, and is the second oldest fraternity on the campus. The year's biggest social function is the annual Old South Ball.

Kappa Sigma originated at the University of Bologna in 1400 and soon spread to many of the larger universities of Europe. On December 10, 1869, the "Five Friends and Brothers" formed the first American Chapter of Kappa Sigma at the University of Virginia. Kappa Sigma has grown until it now has at least one chapter in every state. There are 100,000 living alumni and 129

active chapters.

Beta Upsilon Chapter was founded on the campus of State College on February 23, 1903. Since that time it has initiated over 400 men.

Founded at Boston University in 1909, the Lambda Chi Alpha Fraternity has grown to be the largest notional fraternity, with over 150 chapters located at prominent colleges in the United States and Canada. The "Cross and Crescent," the fraternity magazine, is published seven times annually. Other Lambda Chi Alpha chapters in the state are located at Duke, Carolina, Wake Forest, and High Point.

Gamma Upsilon Chapter was founded on the State College in 1924 and has initiated over 400 men since that time. The local chapter sponsors the annual interfraternity bridge tournament, a Christmas party and an Easter Egg hunt for underprivileged children. A highlight of the social year is the Crescent Ball held in the Spring in conjunction with other Lambda Chi chapters in North Carolina.

In June of 1949, a local fraternity, Phi Epsilon Tau, was chartered into the national fraternity, Phi Epsilon Pi. Phi Epsilon Tau had been founded in 1947 under the principles of fraternity, liberalism, and nonsectarianism. These ideals furnished the spark to weld together a strong brotherhood under the charter.

Today the fraternity is rightfully proud of its high scholastic ranking and its reputation on campus as a leader in extracurricular activities.

The Phi Kappa Tau fraternity was founded at Miami University, Oxford, Ohio, in order to break up a political monopoly on campus. Since its founding on March 17, 1906, Phi Kappa Tau has grown to a national organization of sixty-five chapters.

The three cardinal principles stressed by Phi Kappa Tau are fellowship, knowledge, and truth. The fraternity maintains high standards of scholarship and honor, in addition to taking part in all campus activities.

Chi Chapter at State College received its charter on December 7, 1923. There are, at present, fifty-three brothers and pledges. We of Phi Kappa Tau have found a home away from home and, above all, a cornerstone of lasting friendship.

Pi Kappa Alpha, since 1904, has been a leading fraternity on N. C. State campus. Again this year, Pika served its purpose—that of building men of high character. This group of men found that by living and working together they could improve themselves and others about them.

Of course, these men also developed their social life. There are numerous parties throughout the year, with Pika Ball highlighting them.

Pi Kappa was founded at the College of Charleston in South Carolina, December 10, 1904. It was a concrete and permanent result of a friendship that had flourished since the elementary school days in the environs of one of the South's oldest towns.

With the definite purpose of extending the influence of the organization, the incorporation as a national fraternity took place in 1907. From the inception, the growth of the fraternity has been steady and consistent. The purpose of the fraternity is "To promote fellowship and mutual trust among its members, to uphold the traditions and ideals of the college where its chapters are located, to encourage excellence in scholarship, and to inculcate in its members the highest ideals of Christian manhood and good fellowship."

Sigma Alpha Epsilon was born on the campus of the University of Alabama in 1856. From the day of its birth, SAE was committed to hold fast to all things which are good and true in college and fraternity life and to turn away from every motive and action which might lessen esteem for character and result in the weakening or breaking of the ties of friendship.

First of the great line of Southern fraternities, SAE now has 143 chapters in 46 states with 90,000 living. Coordination of the second largest national fraternity stems from the national offices housed in the beautiful Levere Memorial Temple at Evanston, Illinois.

Alpha Chapter was established on the State College campus in 1947, and during this twelve-year span since its conception, has risen to take its rightful place on campus. Guided by high ideals and noble ambitions, it hopes to prove the worthiness and value of fraternal living.

Sigma Alpha Mu was founded on Thanksgiving Eve, November 26, 1909, at the College of the City of New York. The eight founders pledged themselves to lasting friendship.

The object of the fraternity, as expressed in its constitution, is "to foster and maintain among its sons a spirit of mutual, moral aid and support; to inculcate among its sons such ideals as will result in actions worthy of the highest precepts of true manhood, democracy, and humanity."

Sigma Omega Chapter is the outgrowth of a local fraternity, Theta Phi, which had its beginning in 1929. From its inauguration, the fraternity has always maintained high standards of scholarship and conduct. Sigma Omega Chapter is the owner of its house at 304 East Park Drive.

Sigma Chi Fraternity was established at Miami University, Oxford, Ohio, on June 28, 1855. Since that time it has grown to a strength of 128 active chapters throughout the United States and Canada with over 68,000 living initiates.

After two years of existence as a local fraternity, known as Chi Sigma, Delta Epsilon Chapter was established at North Carolina State

College on May 15, 1943.

With its own chapter house at 2514 Clarke Avenue, Sigma Chi takes an active part in all campus activities. Among the accomplishments of the fraternity are winning the fraternity intramural championship trophy nine of the last ten years and having a sing group that takes part in many of the musical activities on campus.

Sigma Nu had its beginning in the State of Virginia. Founded at the Virginia Military Institute by three Confederate veterans, in 1869, Sigma Nu was early known as the Legion of Honor, from which some of its outward manifestations, such as the badge, were taken. Honor was the cardinal motive, virtue the essential teaching, and friendship the token of Sigma Nu.

Beta Tau Chapter was founded at State College in April 1895, thus making it the oldest fraternity on the campus.

Beta Tau Chapter has initiated over 600 college men during its sixty-four years of existence. ". . . . To believe in the Life of love, to walk in the Way of Honor, to serve in the Light of Truth, this is the life, the way, and the light of Sigma Nu—this is the Creed of our Fraternity."

Sigma Phi Epsilon was founded on November 1, 1901, on the campus of Richmond College in Richmond, Virginia. In the 56 years since its founding Sigma Phi Epsilon has grown from a small group of twelve to a membership of over 49,000 brothers all over the world. Today there are Sig Ep chapters at almost every important college and university in the United States.

The chapter is active in all campus activities. Scholarastically the Sig Eps are one of the highest on the campus. One of the gala weekends is the Carolina Sig Ep Ball which is held in conjunction with several other chapters of the Carolinas.

Beta Chapter at State College was given its charter in 1905, making it the fifteenth National chapter. The present house, purchased in 1948 by the alumni, is located at 2512 Clark Avenue.

Sigma Pi was founded on February 26, 1897 at Vincennes University, Vincennes, Indiana. The purposes of its four founders was to establish brotherhood and "to organize the most worthy activities, social, athletic, and scholarly, and set a high standard of manliness and college loyalty."

On May 28, 1921, a State College Fraternity, Sigma Chi Gamma, became Rho Chapter of Sigma Pi. At the time the Sigma Pi National Organization consisted of seventeen chapters; since that time Sigma Pi has expanded to include seventy chapters at leading colleges and universities throughout the nation.

The highlight of the Rho Chapter social calendar is the annual Founders' Day Banquet and Orchid Ball, which is held on the weekend nearest to the anniversary of the founding date. Each year Rho Chapter presents a Pledge Scholarship Trophy to the fraternity on campus, whose pledge class has the highest scholastic average.

Tau Kappa Epsilon was founded on January 10, 1899, at Illinois Wesleyan University, Bloomington, Illinois. The founders established a fraternity of men chosen "not for wealth, rank nor honor, but for their personal worth and character." The basic principles are charity, esteem, and love. A merger of a local fraternity, Alpha Lambda Tau, and the nationally established

Tau Kappa Epsilon brought TKE to the south in the form of the Beta Beta Chapter at State College in 1947.

The chapter has always prided itself on the interest members have shown in sports, student government, publications, and particularly scholarship. Highlights of the Teke social calendar include the Founders' Day Bonquet, the Cornation Ball, and the French Quarter party.

TKE emphasized the importance of careful balancing of social activities, scholastic work, and participation in the extracurricular program of the college.

Theta Chi Fraternity was founded April 10, 1856 at Norwich University, Norwich, Vermont. From this beginning 102 years ago the fraternity has continually expanded until it now has 120 chapters on leading college and university campuses.

Delta Rho Chapter was installed at State College on May 17, 1952.

Our chapter's intentions are to make the fraternity a campus substitute for each member's home; to make the chapter house a home where members may live, study, work, and play with reasonable comfort and happiness; to assist in socializing the new pledges into the finished product of the graduating senior; to teach them principles of self government; to aid them in attainment of high scholarship; to encourage them to gain the self-confidence and the building of personality that comes from participation in campus activities—in short, in every way to aid them to become better fitted for distinguished service to their community and the world at large.

D & F "COORDINATED PRODUCTION"

The skillful integration of Davis & Furber Machinery, Supplies and Accessories with our expert Technical Service and Counsel and your mill production requirements and specifications—results in a "COORDINATED PRODUCTION" program.

Davis & Furber "Coordinated Production"—jointly planned with the mill—means increased profits for you. Ask how the D & F "in-your-mill" Technical Survey can solve your specific problems. Write for your copy of the D & F News, to help you with your long-range planning.

Still Wide Open

THE GATES OF OPPORTUNITY

Our American inventors and scientists, backed by our remarkable industrial know-how and skills, may seem to have produced today about everything it's possible to produce. Those with little faith in our country and its future would have us believe so.

But to American youth the gates of opportunity are wider open than ever before. Thousands of new and better ways of doing things, of new products and new developments, will be created by those who properly prepare themselves.
